

CHANNELS
ESTATE

It is with a heavy heart that unfortunately as of 4.30pm Monday 23rd March we will be shutting down our Channels at home and essential items service.

Due to our concerns for staff welfare we feel this is now the correct move at the right time.

We would like to thank all our valued customers for supporting us and I would also like to thank our incredible team of staff for adapting to the situation and giving their full support during this difficult time.

We would like to wish you all the best of health and look forward to seeing you all again soon when we are back up and running.

Best Wishes,

The Channels Team x
